Using the Social Network for Investigation

Complete list of Social Media Sites Mentioned in this Course

There are literally hundreds of social media sites on the internet, with more being added every day. This is a listing of all of the sites mentioned in this course. Data from: http://www.comscore.com/, Wikipedia, Google and NICTA’s own research. Note this list is not all-inclusive and is subject to change.

There are also twitter searches, social network mapping, eBay and craigslist searches, along with news and public records available with information.

Sites are listed alphabetically within their category. Note: Sites marked “**” allow user to see who’s looked at his/her profiles.
